UNIVERSITY OCCURRENCES.

The Football Game Yesterday—A Lecture Treat Coming.

Correspondence Telegram.

Chapel Hill, Oct 31—The University football team, in a pretty game this afternoon, defeated the University of Maryland team by a score of 6 to 0. The game was played in the rain, though this seems to have had very little effect on the attendance, for almost the entire student body was out to cheer the 'varsity boys to victory. Playing in the mud, and making their 'down' in puddles of water, both sides were at a disadvantage, though the game was snappy throughout and nothing but superior playing won the game for the champions of the south.

Graves, Koehler and Elliott did the star playing for Carolina, while Rogers, who, by the way was captain of the Carolina team last year, did probably the best on the Maryland team.

The contest between the class football teams this year is unusually sharp Coach Reynolds, of the 'varsity team has offered to have the name of each member of the winning team engraved on a pennant which will be placed in a conspicuous place in the library and all the class teams are in to win. The freshs have defeated the sophs by a score of 10 to 0 and will play the junior team this week.

Prof. W C. Smith, assistant professor of English, spent Saturday and Sunday in Greensboro at the bedside of his father, Prof Samuel Smith, who is sick.

Dr. J. W. Stagg, of Charlotte, is Univerity preacher this week. He preached a most powerful sermon at the chapel last Sunday night and is making a profound impression among the students, by his short talks in the chapel every morning.

Dr. Hunter McGuire, of Richmond, surgeon to General Stonewall Jackson during the civil war, has been engaged to deliver his famous lecture on the life of General Jackson, to the students some time during November. A number of other well known lecturers will appear here during the term.

Vick's Little Liver Pills keep the family well. 25c. Never gripe.

J. A. Byrd,
The McAdoo House Barber
Has added to his efficient corps of workmen another white barber, Mr. H. R Sydow, and is better prepared than ever to give first class work and prompt attention. Give him a call.

If you love a cup of good tea, ask your grocer for Lipton's Seal Ceylon. In sealed lead packages. It never varies. The finest growth of Ceylon. Absolutely pure.

WORSE THAN WAS SUPPOSED

Result of the Battle of Ladysmith

A MOST CRUSHING DISASTER

Boulders Rolled from the Hill Stampeding the Mule Battery—Ammunition Was Exhausted.

By Cable to the Telegram

Ladysmith, Nov. 1—The Naval Brigade, having mounted two 50-pound guns, replied hotly to the Boer guns until late last night. The 50-pounders were planted late Monday night and were ready for action when the Boer connonading began at daybreak.

MONDAY'S DEFEAT.

London, Nov. 1—Gen. White cabled the war office today details of the defeat of Monday showing the disaster far worse than was at first reported. He says: Boulders rolled from the hills within rifle shot and stampeded the mules. The stampede spread to the battery, the mules of which ran off with the whole gun equipment. The greater portion of our small arm and ammunition reserve was similarly lost. The infantry batallions seized the hill and fortified it with sand bags and stone breastworks. At dawn the Boers commenced skirmishing. At half past nine they were strongly reinforced and pushed the attack with great energy. Our fire being very searching the enemy pressed to short range. The British losses became very numerous. At three in the afternoon our ammunition was practically exhausted and our position and column captured.

Our wounded were treated with great humanity by the Boers.

The loss does not affect the security of Ladysmith.

CENSUS ENUMERATORS.

A Statement as to Their Qualifications and Duties.

The Twelfth census of the United States will be taken next year. For this purpose supervisors have been appointed and before the work of securing enumerators is carried out it would be well for the public, including prospective applicants for the places, to know just what constitute the qualifications and duties of the census enumerator In this connection, Mr. Walter Steele, of High Point, who has been appointed supervisor for the census in this section, has furnished the following:

[illegible] the designation of [illegible] to comply you, with the provisions of the direction of the census enumerators within their respective districts

It is further provided that such persons shall be residents of the enumeration districts for which they are appointed, and that they shall be selected solely with reference to fitness, and without reference to his political party affiliations.

The appointment of enumerators will be made with reference to physical activity and aptness neatness, and accuracy in writing and in the use of figures.

The census requires active, energetic persons of good address and readiness with the pen. Only such can do the work with satisfaction to the government or profit to themselves.

Each person seeking appointment as census enumerator must make a written application to the supervisor for the district of which a resident, giving the Christian name and surname in full; whether a citizen of the United States or not; present legal residence; sex and color; age; place of birth; the principal facts of education and of professional or business experience, including a statement of all national, state, county or municipal offices held at any time; nature of present occupation, if any; previous experience in census work; physical condition, and knowledge of English, and other languages. This application must be made in the handwriting of the applicant throughout, and must be certified to as such.

The enumeration required by the census act will begin on the first day of June, 1900, and must be completed within two weeks in all cities for which 8,000 inhabitants or more were reported in 1890, and in all other districts on or before the first day of July next thereafter.

It will be necessary for each enumerator, before entering upon his duties, to receive a commission, under the hand of the supervisor of the district to which he belongs, and to take an oath or affirmation that he will faithfully discharge all the duties required of him under the law

Under the provisions of section 7 of the census act, the enumeration in June, 1900, is restricted to inquiries relating to the population, to mortality, [illegible] manufactures and mechanical establishments may be withheld from the enumerators, in the discretion of the director of the census. In no case, therefore, will the schedule of inquiries exceed four in number, and in this respect the work of the enumerators at the Twelfth census will be much more simple than that required of enumerators at preceding censuses.

Any enumerator who, without justifiable cause, neglects or refuses to perform the duties of his position, after accepting an appointmen and qualifying for the work, or who communicates to any person not authorized to receive the same any information gained by the performance of his duties, will be subject to a fine of five hundred dollars, as provided in section 21 of the census act.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., Nov. 1.

Miss Geneva Farlow received the lucky number last night entitling her to the prize of $2 50 offered by Prof Ely.

A sad scene occurred in court yesterday afternoon. An old lady, 70 years of age, in feeble health, scarcely able to walk, was arraigned for larceny. Her niece, who held a small child in her lap, was also implicated. The old lady and her niece live about one and a-half mile southwest of here The fellow that had her arrested is her "neighbor"—not in the true sense of the work—but he lives close to her They were charged with carrying off five small pieces of refused rails on the lands of said fellow while on their way home from a neighbor's house. That was all. Five splinters to throw on the fire to warm themselves by and arrested for it! The case was tried before Magistrates W. B. Steele and J. M. Sechrest and like men they acquited the accused. Lawyer Roberson represented the defendants and a more manlier speech we never heard than was made by him in their behalf. His very soul was touched with pity for the old lady especially and he spoke the truth as he felt it. His speech and the manly stand he took (for we are told by a party that he did not receive one cent for his services and didn't expect it) will live long in the minds of those present. After the trial was over Mr. Roberson proposed a collection for the old lady whereupon a dozen or more friends responded, which made a nice little sum. Several times the tears were seen to trickle down the old lady's cheeks when kind words were spoken in her behalf. It was a sight that would touch the heart of any one possessed of feelings of love for old age.

Uncle Nick Slaughter took charge of the March House at Lexington today. He is an experienced hotelist, a clever gentleman and we commend him and his business to the good graces of the people of Davidson county. The Jarrel will remain under his management as heretofore.

Last night the commercial school under the management of Prof. V. Theo. Ely came to a close. It has been in progress for the past six weeks and to say that he has given universal satisfaction would be voicing the sentiment of his entire school. Prof. Ely while among us has conducted himself as a gentleman in every sense of the word and we commend him and his work to the good people of Greensboro where he will commence a school November 3

[illegible] Archer, who lives at Pleasant Hill, has smallpox, fell on the 11:38 train this morning for Greensboro.

Farmers' Institute at the opera house Friday night. Admission 25, 35 & 50 cents This is a good show and you should not miss it Reserved seats on sale at Matton's drug store

Paul Tate was kicked on the leg by his horse Monday at noon. Fortunately he escaped any serious injury

The storm in all its fury struck High Point Monday but as far as we learn no great damage was done. Mr Cassady's barn on "Tan Yard" street, opposite the A. B. Sapp dwelling, was blown down Fortunately his mules broke out of the stable before its collapse or no doubt they would have been killed. His wagon was damaged by the falling timber. The tin roofs of several of our factories were partly unroofed. An electric light pole on English street, opposite J. D. Taylor's was blown down. Several standing signs on the streets were slightly disfigured. Trees were also uprooted in several places on the outskirts of the city. No damage to the individual or live stock is reported. We learn that Mr. McAllister's residence in Asheboro was slightly damaged by the storm.

Monday at noon the Asheboro train was coming in at usual speed to make connection with 36 and as she poked her nose around the curve saw the shifter on the track a few feet away, and in a few seconds they came together at a slow gate. No serious damage was done.

A. C. Dodson has sold out his stock of groceries and gone to Norfolk to act as salesman for a wholesale house.

Monday morning while building a fire Miss Lina Siler, aged 55, was stricken with an epileptic fit and fell into the flames and fatally burned before she could be rescued. She lived until two o'clock the same day. Her remains were carried to Staley yesterday for interment.

He May Die.

THE FURY OF THE ELEMENTS

At Newbern and Other Places in the State.

MUCH DAMAGE TO PROPERTY

The Storm at Durham--Houses Unroofed and Stables Blown Down.

A Child Killed.

Newbern, N. C., Oct. 31—The storm that raged here all day yesterday with constantly increasing violence reached its greatest height about midnight when the wind blew with such force carrying before it broken glass, pieces of tin, shingles and shutters torn from their fastenings that it was dangerous to be out on the streets

Early in the night the water rose so high that the power house had to shut down and the city was in darkness. The streets were aflood. Horses were taken from stables in the lower part of the city and brought up town for safety.

During the night three alarms of fire were turned in, lime in the warehouses on the river front having burst into a blaze and threatening the destruction of much property. The firemen and citizens worked heroically in water waist deep, while drays were engaged in hauling off goods, barrels of lime were rolled into the river and in many cases boats were used to convey from the flooded stores goods that the water would otherwise have ruined

The tide was two feet higher here than during the August hurricane. At 2 o'clock last night it was still rising. The same height at Portsmouth and Ocracoke would carry away these towns. No word has come from those places, and the extent of damage here as yet cannot be estimated.

AT WRIGHTSVILLE.

At Wrightsville Sound the storm was terrific all night, the tide rose up into the yard at the Atlantic View hotel, and breakers rolled up almost to the hotel, and several families were forced to leave their cottages on the sound and come to the hotel for safety. Every dweller on the sound spent a sleepless night. Much fear is entertained for the safety of the cottages on Wrightsville Beach.

Wilmington, Oct. 31—Authoritative reports from Wrightsville and Carolina beaches say that the storm, which reached the height of its fury at four o'clock this morning, has wrought great havoc to property at these points No loss of life is reported At Wrightsville there are sixty odd cottages and [illegible] 15 are a total loss and [illegible] damaged The loss [illegible] $2,000 to $25,000 [illegible] Kure Beach [illegible] aggregating [illegible] The [illegible] is a wreck [illegible] private privately estimated [illegible] $10,000 to $20,000. At [illegible] Sound, on the mainland, [illegible] on this side of the beach, considerable damage was also done, which is estimated at several thousand The two large summer hotels on the beach were not destroyed, but were damaged to some extent.

At Carolina Beach, near the mouth of the river, there are about 25 cottages, boat and club houses and also a large hotel About 18 of these were totally destroyed and the remaining badly damaged. The loss is placed at from $12,000 to $15,000. Both beaches were deserted on account of the season.

A special to The Star, from Southport, says that there was considerable damage also along the water front there, by the storm, but no loss of life reported. A small passenger steamer and a tug, the Blanche, were beached. No other news of damage to shipping has reached here. The Clyde steamer New York, Captain Ingram, arrived from New York this afternoon. She encountered the storm off Frying Pan lightship, but rode it with only slight damage to her cargo of general merchandise. The damage in the city along the wharves, by reason of the high tide this morning, will approximate about $2,000.

The maximum velocity of the wind here was about 60 miles an hour. At the beaches and at Southport the velocity was estimated at from 75 to 90 miles per hour.

TIDE HIGHER THAN EVER BEFORE.

Newbern, N. C., Oct. 31.—A hurricane passed through this city last night. The tide was two feet higher than ever before. Small boats were thrown into the public streets. At midnight the firemen fought fire from lime barrels catching fire from the water. Many tons of salt and sugar in bags melted and ran into the river.

Eight saw mills are shut down today, and the river is full of floating cotton and lumber. Nothing has been heard from the coast country.

DAMAGE TO COTTON MILLS.

Durham, N. C., Oct 31.—A severe rain and wind storm prevailed here last night and this morning. A good [illegible] The East Durham Cotton Mills suffered the greatest damage so far reported About one-third of the roof was blown off, resulting in damages amounting to $250 or $300.

John Chatham, clerk at Proctor & Co.'s saloon in this city, had his stables blown down.

The Gospel Tabernacle, on Morris street, is leaning a little toward the south, a result of the storm. The building has been braced with props.

Reports from various portions of the city say that shade trees and signs were blown down, windows broken, and furniture and carpets damaged.

The glass partition, including sash, lock boxes, etc., on the right hand side in the post office was blown in at the top several inches. Had it fallen there would have been considerable wreckage, with a big loss.

AT DANVILLE.

Danville, Va., Oct. 31.—The gale from the northeast raged all night last night, and reached its greatest force here between 7 and 8 o'clock this morning. Several houses were unroofed and considerable damage done to shade and fruit trees. By noon the wind has subsided.

A COLORED CHILD KILLED.

Charleston, S. C., Oct. 31.—The storm passing up the coast was severe here last night. The wind reached a velocity of 38 miles. A small frame dwelling inhabited by a colored family was wrecked. One child was killed and three others injured. Shipping in harbor suffered no damage, and no marine disasters are reported.

DEWEY COULDN'T COME

To Nashville Because He's Going to Marry.

Special to the TELEGRAM.

Washington, D. C., Nov. 1 -The Nashville delegation which came to Washington for the purpose of inviting the president, Admiral Dewey and government officials to Nashville on the 20th instant, to take part in the reception to be accorded to the First Tennessee volunteer infantry, which is now on its way home from the Philippines, have returned home. The delegation were pleased with their success. Although they were disappointed in not securing the promise of Admiral Dewey to visit Nashvile, they did secure a partial promise from the president. Mr. McKinley will go south on the occasion, provided he finds that he can make the trip without neglecting public duties. At that time he will be busy writing his presidential message, but it is hoped by the delegation, and by the president himself, that he may be able to find the opportunity to visit Nashville.

Admiral Dewey, for more reasons than one, finds himself unable to accept the invitation, and as he frankly gave his reasons to the delegation, of course, they could do nothing but accept the inevitable, and congratulate him most cordially. Secretary Root, of the war department, will probably go south on the occasion of the Nashville reception, and it is likely if the president accepts the invitation, that several of the other cabinet officers, including Secretary Long, will accompany the presidential party.

Representative Gaines, of Tennessee, headed the Nashville delegation to this city The congressman returned home with the party which to the city he was so enthusiastic that Nashville was making active preparations for the reception to the soldier boys, and that if the president visits the city that he will be given a true southern reception "The [illegible] said. "We want the president, and hope he will come"

The presidential party left for Richmond Tuesday to attend the launching of the Shubrick. The weather was most unfavorable for the trip, to the disappointment of the Richmond committee, and Richmond people, who have been making extensive preparations for a visit of the chief executive. The start was made from the Pennsylvania railroad station at eight o'clock—the rain falling in torrents, and a gale blowing from the northeast.

A large number of Washington people, notwithstanding the disagreeable condition of the weather, went to Richmond to attend the launching, but they say that the weather put a damper on the ceremonies.

General Fitzhugh Lee was among those who attended the launching of the Shubrick. He spent Sunday in Washington, and went to Alexandria Monday where he was joined by his wife and they arrived at Richmond on Tuesday afternoon. After spending a short time at his home in Virginia, he will return to Washington, and will then leave for Havana.

Maryland republicans in the city say that Senator Wellington's opposition to Governor Lowndes will cut but little figure in the approaching election, and in this most of the Maryland democrats concur. The state it is conceded by both parties will be very close from present indications, and the feeling seems to be that Governor Lowndes has a little the best of the situation. Senator Wellington since his break with the governor has taken no part in the Maryland campaign, but has been campaigning in Ohio. His friends assert that on election day he will go to the polls and vote for Lowndes for governor, but this is doubtful

Mr. Wm. R. Hardin, jr., of Macon, Georgia and his bride are in the city. They will spend a few days at the Raleigh hotel in this city before continuing journey to New York city The bride was a Miss Carnes, a popular belle of Macon before her marriage to Mr Hardin

Mr and Mrs Benjamin P. Dotterer, of Charleston, South Carolina, have been in Washington during the past week. They are visiting Mr. Dotterer's uncle and brother.

Senator Martin, of Virginia, was in Washington Monday night, and Tuesday morning left for Richmond to attend the launching. The senator, while in the city expressed the opinion that his return to the United States senate is assured.

Senator Mallory, of Florida, who has been quite ill at the Providence Hospital, in this city, has improved very much within the past few days His physicians say that he is entirely out of danger, and that he will shortly be able to leave the hospital.

THE BOND ISSUE AND TAXES.

The question is frequently asked in Greensboro: What has become of the bond issue? This question usually comes from persons who have taken no pains to post themselves on the status of the matter. To any one who takes the trouble to investigate a little it is plain why there is no hurry in the matter.

Look at the situation with us a moment. Three hundred thousand dollars are to be spent. It is to be spent for the benefit of the whole mass of people. It is their money. They have voted to have the debt put upon the city; and they were wise in so doing. Now, the question is, how to spend the money so that the greatest benefits will accrue. We believe that no man, who thinks, would for a moment advise too great haste in the matter.

It is true that certain sums are specified and set aside for certain objects; but it does not follow that the money MUST be spent regardless of the benefits to the city. It is in the discretion of the board of aldermen to thoroughly investigate these matters. Indeed, it is their duty to do so and to see that the money is judiciously spent.

Now, until these preliminaries are arranged, it would be folly to issue the bonds, as interest would have to be paid. The aldermen, and the various committees who have the matter in charge are doing all they can to get matters in working shape, consistent with a proper regard for the interes. of the people in what is to be done.

Just here we would call attention to the fact that at this season the board of aldermen are handicapped for a want of funds to meet current expenses. The tax books are in the hands of the tax collector, but the taxes are not being paid, and under the present law collections cannot be forced before next spring. This should be changed. We would suggest that the law be amended so that the city can allow a discount on all taxes paid from Sept. 1st to Jan. 1st, and that on all taxes not paid by Jan. 1st a sum equal to the discounts to be added.

That arrangement would stimulate the early collection of taxes and relieve the city at a time when it especially needs it. This is not a new idea. Other cities operate under similar laws and regulations. In Wilmington the law provides that taxes are due and payable the first sixty days after September 1st, which makes the time limit Nov. 1. After that, if taxes are not paid, property SHALL be levied on and sold. We believe there is no discount allowed in this case, but in some places it is allowed.

The Wilmington law (and we believe it also applies to the county) is, perhaps, too severe. We believe in most places at least 90 days should be allowed, and we are inclined to the belief that the discount arrangement would be the thing. There is no question but that it would be far better than our present law, which practically gives the tax collector no power at all until about six months have elapsed, and during this time the board of aldermen are without money, unless they borrow it, and the city's warrants are discounted or remain unpaid. This is a state of affairs that should not exist, but under the circumstances no one can help it. The tax collector and city treasurer are often censured, and unjustly so, because they are powerless.

It is getting time that this town should put away the systems which characterize d its management twenty-five years ago and get down to business. Not only in the financial management of the city should there be reform, but in other ways. The number of aldermen should be reduced to six instead of twelve. Only last meeting night no meeting was held for lack of a quorum! A fewer number of men, with monthly meetings instead of semi-monthly, with reasonable compensation for their services, would, we believe, result in good. We do not advocate this because there is a man on the board who is not conscientious, but some of them need something to inspire their zeal. The lack of a quorum when the men were here in the city proves that.

Perhaps a change in the laws so that the board would not be so thoroughly handicapped would have a good effect in this direction.

The New York Herald prints the following:

"All summer long the fires raged in the Adirondacks, and no concerted movement was made to stay them till they crept down to the very hotels and dwellings of the summer population. Some clashing between the state authorities and the guides was the reason.

"Now the Alleghany forests are on fire and inestimable damage has been done during the last week. Besides the immense loss in the burning of timber and destruction of game, fences, bridges, telegraph poles and barns have been consumed and farm produce destroyed.

"Each state should have a forest fire defence organization co-operated in by dwellers on the mountains to quell fires before they make such headway. The Alleghany fires threaten just now to wipe out nearly a dozen villages."

And in the Charlotte Observer Prof. J. A. Holmes discusses the destruction yearly done to our forests in this state by the fire fiend, as follows:

And how about these forest fires in North Carolina? It is the same old story. Perhaps we are neither more nor less negligent in this respect than people in many other states; but heaven knows the situation with us is bad enough. Careful estimates show that in our eastern counties alone the damages to the pine forests from these terrible and useless fires have aggregated more than $50,000,000 within the memory of men now living. Fifty millions transformed into smoke without any compensating benefit, and that almost without a protest. Occasionally here and there a solitary voice is raised against such reckless and needless destruction of God-given wealth; but it is as the voice of one crying in the wilderness, and in the stillness that follows one may hear the echo reflected back as from a wall of indifference. We not only cut and sell and burn the mature timber which belongs to us, but with an indifference nothing short of criminal negligence, we destroy the forest birthright which belongs to our children.

We imagine that there is a vast deal of difference in the characters of General White and General Otis. While the English people do not believe that White was responsible for the disaster to their arms at Ladysmith, he like a true soldier and a man, comes forward and takes all the blame. The American people believe that Otis is responsible for the continuous "disaster" to our arms in the Philippines, but Otis—the planner and executor of every miserable campaign—doesn't acknowledge any of the incompetenc that is so flagrantly notorious.

A call has been sent out by the parks and forestry committee of the Asheville board of trade to all persons interested in forest preservation and in the establishment of a national southern park in the Alleghany mountains for an inter-state convention, to be held here Nov. 22. The purpose of the convention is to form a permanent association to induce congress to establish a national southern park and to influence legislation in favor of scientific forestry.

The battle of Ladysmith demonstrates that the Dutchmen of South Africa are fine strategists as well as stubborn fighters. It was another Majba Hill. When men are fighting for the principle that inspires the Boers, they become dangerous foes, and England will learn this lesson to her sorrow before these warriors lay down their arms.

The interest and sympathy of the nation are aroused at the critical illness of the vice-president. Mr. Hobert is evidently at the end of his row, and the news of his death at any time will not be surprising.

President McKinley would cut a pretty figure trying to settle the differences existing between England and the Transvaal with a much uglier affair of his own creation at home unsettled.

Greensboro's diversified industries are, probably to a greater degree than anything else, the secret of her prosperity. Let us have more of them.

RACE TROUBLE AT MT. HOLLY

The Negroes Defying the Law At Mt. Holly.

A Mt Holly special to the Charlotte Observer of today says:

Mt Holly has been stirred up since last Sunday afternoon. What came near being a riot between the citizens of the peaceful village and the negroes of the town was narrowly averted by the vigilance and bravery of Officer Skidmore, the town marshal, who is always in evidence when there is trouble and his services are needed.

Sunday evening John McDaniel, a negro, struck Mr. Robert Erwin, a white man and a mill operative, a blow that was almost fatal, and may yet prove so. Officer Skidmore arrested McDaniel and placed him in the guard house.

There is a lodge of negroes in the town, an organization, it seems, to protect the negro, whether he is wrong or right, and to do so at any cost. This lodge assembled Sunday night and marched to the guard house, battered down the door and liberated their "brother." After the negro had been given his liberty he made good his escape and he has not since been seen.

On learning the names of the members of the gang who turned the negro out, Mr. Skidmore made an attempt to arrest them, but being overpowered had to drop back until assistance reached him, which was too late for any results. The officer succeeded, however, later on, in arresting a negro, a member of the mob, and took from him a gun and a lot of cartridges. He is in custody, but the negroes, it appears, are determined to come to his rescue, and unless an early settlement of matters is made trouble will follow.

The citizens of Mt Holly are all up in arms, and if the negroes continue to disobey the law they are determined to do for them what Dewey did for the Spaniards.

At a late hour last night the town was quiet, but trouble was expected at almost any moment. Every white man is armed and the town is being closely guarded. Several of the gang of negroes have fled. Bloodhounds have been ordered from Gastonia, and they are expected at a late hour tonight. The negroes will be run down, if possible.

McDaniel is a bright mulatto, and he has scars on both cheeks, made while being arrested Sunday night. It is not known in what direction he went, but it is thought he was making for Charlotte.

Mr. Erwin is in a dangerous condition, and it is feared he will not recover.

HARRIS LITHIA WATER

Is the Strongest Natural Lithia Spring Water On The Market

And has the endorsement of the most noted physicians from all parts of the country as to its superiority over all other waters. Read what some of them have to say for Harris Lithia Water.

Asheville, N. C.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty diseases afford me more comfort than either the Buffalo or Londonderry waters.

Very truly yours,
John Hey Williams, M. D.

After a long and varied experience in the use of mineral waters from various sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the Kidney and the Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

A. N. Talley, M. D.
Columbia, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs,

Dear Sir: While it is contrary to my custom to give testimonials to remedial agencies, I feel free to attest to the efficacy of the Harris Lithia water (when used in large quantities) in the rheumatic and gouty diatheses; in engaged states of the kidneys; in inflammation of the bladder, and in all cases where there is an excess of solids in the urine.

Yours respectfully,
Geo. Howe, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saliney taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge, or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powertully alterative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In indigestion, catarrh of stomach and gastralgia, supplemented with a proper diet, they are a certain cure. The action upon the kidneys is marked. The sodium, potash, soda, lithia, are the best solvents of uric acid, all calculi of an acid character, whether litary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.

J. Q. Wilbur, M. D.
Walterborboro, S. C.

Read what the noted Dr. Thomas S. Powel has to say for Harris Lithia Water:

Mr. J. T. Harris:

Dear sir—I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine who has suffered for years with diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Other of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases.

Very respectfully pours,
Thomas S. Powell, M. D.
Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Joseph Jones, of Tulane University of New Orleans, has to say in regard to the virtues of Harris Lithia Water.

New Orleans, La.

Gentlemen:—I have used with great benefit, the Harris Lithia water, and regard it with favor, the water being highly charged with lithia.

Respectfully,
Jos. Jones, M. D.

Newberry, S. C.

I have prescribed Harris Lithia water in my practice, and am delighted with it in those cases in which it is indicated. In all those conditions in which there is uric acid in the system, in gouty and rheumatic diathesis, in cystitis and endocervicitis, causing painful micturition, in renal dropsy and dyspepsia, due to torpid liver or constipation, I have found the best results from this mineral water. Indeed, it may be used to advantage in any case in which its formula may suggest itself, especially when lithia is indicated. I recommend it to the public and believe there is no superior lithia water in this country.

Camden, S. C.

Mr. J. T. Harris:

Dear Sir—I enclose you in this letter several pieces of calculi passed by a patient of mine who has been taking the Harris Springs water for the past eighteen months. This gentleman has been a sufferer for two or three years with cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring water a most exceilent remedy in the uraic acid diathesis, also in chronic dyspeptic troubles.

I am, yours respectfully,
A. W. Burnet, M. D.

Chester, S. C.

Dear Sir—For the past 8 months I have been using Harris Lithia water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia.

S. M. Cavege, M. D.

Baltimore, Md.

J. T. Harris, Esq., Harris Spring, S. C.:

Dear Sir—I have been using Harris Lithia water for some time, and I will say to you that it is my opinion that the Harris Lithia water is by far the best lithia water that I have ever used, and that it has done me a great deal of good, and I think that it is a most valuable remedy.

R. C. Hoffman,
Pres S. A. L. R. R.

WE GUARANTEE

That One Glass of Harris Lithia Water will relieve any case of indigestion in One Minute or Money Refunded. Or of taken after each meal will cure the most stubborn case of indigestion. Why will you suffer when you have this guarantee? The water is for sale by the Druggists of Greensboro.

Harris Lithia Water Company, - - Harris Spring, S. C.

REV. S. A. DONAHOE

Testifies to the Good Qualities of Chamberlain's Cough Remedy.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. Church, South, Point Pleasant, W. Va., contracted a severe cold, which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by C. E. Holton, Druggist.

Common sense is by no means common.

James Reed Injured.

Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave it any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Mr. Reed is one of the leading merchants of Clay Court House, W. Va. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by C. E. Holton, Druggist.

Preferred creditors are the kind that don't dun you.

Many Thanks.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhœ Remedy for having put on the market such a wonderful medicine," says W. W. Massingill of Beaumont, Tex. There are many thousands of mothers whose children have been saved from attacks of dysentary and cholera infantum who must also feel thankful. It is for sale by C. E. Holton, Druggist.

The wife who wears bloomers on her legs cannot consistently object if her husband has them on his nose.

The Reason.

"If you scour the world you will never find a remedy equal to One Minute Cough Cure," says Editor Fackler, of the Micanopy, Fla., "Hustler." It cured his family of LaGrippe and saves thousands from pneumonia, bronchitis, croup and all throat and lung troubles. Howard Gardner.

Harduppe—"I should like very much to discuss the financial situation with you?" Gotrox—"Sorry, but I haven't time." Harduppe—"Well, as time is money we will dismiss the subject."

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globule of health, that changes weakness into strength, listlessness into energy, brain-fag into mental power. They're wonderful in building up the health. Only 25 cents per box. Sold by C. E. Holton.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

Labor organizations never bother his Satanic Majesty. The wages of sin always remain the same.

The "Plow Boy Preacher," Rev. J. Kirkman, Belle Rive, Ill., says: "After suffering from Bronchial or lung trouble for ten years, I was cured by One Minute Cough Cure. It is all that is claimed for it and more." It cures coughs, colds grippe and all throat and lung troubles. Howard Gardner.

When a farmer comes to town to have a blowout he shouldn't extend his operations to the gas

---

Red Dot from h Gun

Was the ball that hit G. B. Steadman, of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for twenty years. Then Bucklen's Arnica Salve cured him. Cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Best pile cure on earth. 25 cents a box. cure guaranteed. Sold by C. E. Holton, druggist.

The telephone girl says a ring on the finger is worth two on the 'phone.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhœa Remedy. C. E. Holton will refund your money if you are not satisfied after using it. It is every where admitted to be the most successful remedy in use for bowel camplaint and the only one that never fails. It is pleasant, safe and seliable.

The more dollars some men get the less sense they have.

President King, Farmers' Bank, Brooklyn, Mich., has used DeWitt's Little Early Risers in his family for years. Says they are the best. These famous little pills cure constipation, billiousness and all liver and bowel troubles. Howard Gardner.

WIRELESS TELEGRAPHY.

Experiments Between Widely Separated Ships at Sea.

Washington, Oct. 31—The secretary of the navy has received a dispatch from Captain Chadwick, of the New York, reporting successful experiments at sea with Marconi's wireless telegraph system. Captain Chadwick's dispatch, dated Highlands, Navasink, N. J., October 30, is as follows:

"The New York is anchored to the eastward of Navesink, holding communication with the Massachusetts, thirty-six miles away."

The Southern Buys a Georgia Road

Atlanta, Oct. 31—At midnight tonight the Northwestern Railroad, a line 40 miles in length, running from Athens to Lulu, Ga., passed into the hands of the Southern Railway. The road, which has been the property of the State since Gov. Colquitt's administration, was sold for $307,000. The only other bid was that of A. H. Hodgson, of Athens, who is said to have represented the Seaboard Air Line. His offer was $291,551. The actual cost of the road to the state was $278,000.

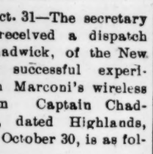
The Quarantines Raised.

Jackson, Miss., Oct. 31.—The order from the Mississippi state board of health, raising the quarantines against New Orleans, Mississippi City, Key West, Miami and the infected localities of Jackson, went into effect at midnight tonight, and already notice is being received here of the removal of the local quarantines against this city. By Thursday it is expected that Jackson will be free from all embargoes.

Nell (at the football game)—"Chollie Dropkick is a perfect duck." Belle—"Yes; a sort of canvasback on the gridiron."

Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.



Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

H. T. SHORE,
2704 Lucas Ave., St. Louis, Mo.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific

S.S.S. For The Blood

is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no potash, mercury or other mineral.

Books mailed free by Swift Specific Company, Atlanta, Georgia.

Col. John S. Cunningham, of Person county, was in the city a short while this morning. He left at 8:10 for Burlington to make an address today to the Alamance county fair association.

S. Morgan Smith, a native North Carolinian, but who now resides in York, Pa., was here this morning and left on the Winston train at noon for Davie county to visit relatives. He is largely interested in the Fries Electric Power Co., on the Yadkin river.

Rev. C. E Hodgin, pastor of Westminster church, returned yesterday evening from Mebane, where he was assisting in a revival meeting. He was called home on account of the critical illness of Mrs. E J. Davis, at Mrs. Hawkins' on Asheboro street.

The many friends of Mrs. J. G Foushee will rejoice to learn that she has returned from Johns Hopkins Hospital, where she has been under treatment for several weeks. She was brought home yesterday by Mr. Foushee. She stood the trip well and is now at her home on North Elm street. Mr. Foushee will return to Gulf tomorrow.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on C. E. Holton druggist, and get a trial bottle free, Regular size 50 and $1. Every bottle guaranteed or price refunded.

When a man is doomed to the guillotine his countenance is rather apt to fall.

Eat plenty Kodol Dyspepsia Cure will digest what you eat. It cures all forms of dyspepsia and stomach troubles. E. R. Gamble, Vernon, Tex., says: "It relieved me from the start and cured me. It is now my everything friend." Howard Gardner.

It will be hollow eve for the small boy who is sent to bed supperless.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, rundown feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at C. E. Holton's drug store. Every bottle guaranteed.

Oarsmen have already indulged in the last rows of summer.

Joseph Stockford, Hodgdon, Me., healed a sore running for seventeen years and cured his piles of long standing by using DeWitt's Witch Hazel Salve. It cures all skin diseases. Howard Gardner.

Infrequent and Improper Shampooing

are responsible for dry, scrawny and variable colored hair. Many people have a goodly supply of hair, and it would be beautiful were it not that dandruff had destroyed its life and made it lustreless. Everyone's head should be shampooed once a week with some non-injurious and health-giving wash.

7 Sutherland Sisters' Scalp Cleaner

does not rot and bleach the hair, like soda, ammonia, etc. Aid the scalp cleaner with the "HAIR GROWER." They contain nothing but what is good for the hair and scalp.

SOLD BY DRUGGISTS.

KILLED BY AN EXPLOSION.

A Boiler Bursts—One Man Dead—Two More May Die.

Gainesville, Ga., Oct. 31—The boiler at the ginnery belonging to Ben Reed, located five miles from this place, exploded this morning, killing one man and fatally injuring two others.

The killed: J. J. Ward.

Injured: Ben Reed, skull fractured and limbs broken; Lon Money, scalded.

Both men are expected to die. Several persons in the vicinity of the gin were shocked, but none seriously hurt. The gin is a total wreck. No cause is assigned for the explosion.

Kentucky Makes a Trial Trip.

Newport News, Oct 31—The first-class battleship Kentucky went out on her builders' trial trip this morning. The sea was heavy and the wind high. These conditions prevailed all day, preventing any attempt at record running. Under forced draft and in a wind blowing thirty miles an hour, the Kentucky attained a speed of sixteen and one-third knots, or one-third knot more than required by contract. Capt Henvy, of the Old Dominion Steamship Company navigated the ship on her trip.

The Kentucky returned and anchored off Old Point at six o'clock this evening, the high winds rendering it unwise to attempt to enter the river tonight

THE KENTUCKY SITUATION

Goebel's Supporters Will Make Every Effort to Control the Legislature.

Louisville, Oct. 30—Goebel's adherents admit that on the face of the returns there will not be votes enough to make Goebel governor, and are pursuing new tactics today. This is nothing less than throwing all their efforts into the fight to control the legislature. A provision of the Goebel law throws the election into the general assembly if a contest is filed.

The Goebelites have from the very first counted on having the legislature, whatever their doubts may have been about state ticket. Now they are evidently without hope for the state ticket, and scared about the legislature. They appear to be afraid they will not even have a chance to resort to a contest to land Goebel in the governor's chair.

The chance of blood being shed at the polls is growing, and the first move in a conspiracy to steal the state will be the signal for a fight.

Henry Watterson was denounced by almost every minister in Louisville yesterday for an editorial in which he defended Goebel for being a murderer.

Beggar—"Please, sir, can you help a man to fill a long-felt want?" Phunniman—"Long-felt want, eh? Here's a nickel. Go and get a new hat."

WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, IOWA, Dec. 14.
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.
MRS. GRACE LAMPHERE.

McELREE'S Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

STABBED NINE TIMES.

John Cromartie Seriously Wounded by Lum Moore.

John Cromartie had a fight with Lum Moore last night and sustained serious but probably not fatal injury. The belligerents are both colored, and have been working at the iron furnace for some time. They were at a house on Gaston street when the scrap occurred.

Cromartie was stabbed nine times—twice in the neck, five times in the back and twice in the leg.

Dr. Chas Roberson rendered medical aid, and says the wounded man is getting along very nicely today.

The weapon used by Moore was a pocket knife, the blade of which is about two inches long, and which penetrated the flesh its full length each time.

The gash on Cromartie's neck, the physician thinks, is the most serious, and missed the jugular vein by only a fraction of an inch. Immediately after the fight Moore took leg bail, and up to this writing has not been captured.

Coming.

The Old Farmer Hopkins Comedy Company will appear at the Academy of Music for one night only, Thursday, November 2nd. A grand street parade, headed by Prof. Kendall's silver cornet band at 11:45 a. m. The play presented by the Davidson's Farmer Hopkins Company is all pure as a breath of mountain air. Not a single objectionable feature can be found throughout the performance. Here is a play to which you can take your mother, your sister or someone else's sister with the assurance that they will thoroughly enjoy every moment of the entertainment.

BRIEF LOCAL MATTERS.

R. C. Rivers, of Raleigh, is in the city.

Mrs. S. C. Dodson and Mrs. Jennie Horney left at noon for Reidsville.

Harry-Belk Bros. Co. announce a special dress goods sale. See their ad.

The private car of Road Master Bernard was attached to the eastbound train this afternoon.

There was no police court yesterday evening, but three or four cases will be tried this evening.

Mr. J. A. Bird has employed another first class white barber, Mr. H. R Sydow. See his ad elsewhere.

The infant child of Mr. and Mrs. Robert Phœnix died Monday night and was buried yesterday afternoon in Green Hill towuship.

Justice Pritchett will try Ike Hand, colored, this afternoon for assault and battery. Hand was jugged yesterday by Constable Dave Scott.

Old Farmer Hopkins and his band and orchestra will be at the Academy of Music tomorrow night, and the Real Widow Brown will be presented on Saturday night.

Offices have been engaged in the Southern Loan & Trust Co.'s building and the Greensboro Supply Company began business this afternoon with flattering prospects.

The supreme court has handed down its opinion in the case of Phipps vs. Wilson, from Guilford county, which opinion says there is error in the decision of the superior court.

President Samuel Spencer, of the Southern Railway, passed through the city this morning in his private car. He went up to his farm at Friendship to spend a few days bird-hunting.

Owing to the bad weather the Gentry Dog and Pony Show did not give an exhibition in this city yesterday, and the show left in the afternoon for Salisbury, where it is billed to appear today.

A small blaze in John A. Hodgin's barn on lower South Elm street called out the fire department at 3:50 o'clock this afternoon. The fire was extinguished before the firemen reached the scene.

According to a letter from Admiral W. S. Schley to Mayor Woodward, of Atlanta, we note that the admiral will pass through Greensboro Friday night. He will travel in a privare car attached to No. 35.

"Fra Diavolo" was presented by the Dan Packard Opera Co. at the Academy of Music last night, to a fair sized audience. This favorite opera was exceedingly well rendered. The "Bohemian Girl" will be presented tonight.

Her many friends will regret to hear of the critical illness of Mrs Davis, wife of E. J. Davis, travelling representative for the Southern Lumber Co. She is not expected to live through the night. Her brother, G. W. Gaston, arrived this morning from New York.

Sheriff J. F Redding, of Randolph county, was here this morning with two prisoners, who were sentenced on the roads of Randolph by the judge of the superior court of Brunswick county, at Southport, last week. Sheriff Redding left on the southbound local for Asheboro.

Fletcher Benton, the young negro who was arrested by Constable Dave Scott yesterday, will be given a hearing this afternoon before Justice Eckel. He is charged with larceny and resisting an officer. Though he is only a boy yet he is an old offender, and has just finished a term on the roads.

J. A. Haldin, of Reidsville, who was second lieutenant in the Reidsville company of the First North Carolina regiment, was in the city this morning. He says he wants to join the band of the Forty-seventh volunteer regiment, which sails on November 4th, on the transport Thomas, from New York via the Suez canal route, for the Philippines. If he can make his arrangements he will join the regiment at New York.

Still at Large.

When the fast mail pulled out from the Greensboro station Monday night two colored men caught the blind baggage, and the police thought best to have them arrested. Accordingly a message was sent to the Salisbury police to lookout for them. The officers in Salisbury arrested the men and notified the Greensboro police, who, thinking that they might be Caesar Jordan and Will Merritt, the negroes wanted here for robbing John Cecil Sunday night, Officer Jordan was sent over to identify them, but returned on the 11:43 train last night and reported that they were not the right men. They will be held, however, by the Salisbury authorities for beating their way on the train. Jordan and Merritt have not yet been apprehended.

Runaway.

Some excitement was created in the neighborhood of the court house this morning by the horses which drew the city trash wagon. They were in the jail lot and the driver was gathering trash, when the animals were frightened by a passing horse. They ran was damaged to some extent and one of the horses sustained a few bruises.

Ladysmith.

Ladysmith is called after the wife of Sir Harry Smith, formerly commanding general in South Africa. She was a Spanish girl, to whom the general gave protection when he was a subaltern in the Peninsular war, and who subsequently married him. Harrismith is named after her husband.—New York Sun.

Kadok—The best headache cure and fever reducer 10c—3 doses.

MR. CONE'S PROPOSITION

For Getting a Start in Macadam'zed Roads.

The Telegram is informed that Mr. Cæsar Cone has made a proposition to the county commissioners with reference to macadamizing a portion of the county roads, beginning at the end of Summit avenue and extending for a distance of a mile and a half, or about that distance.

As we understand the proposition, it is that Mr. Cone will furnish the rock and crush it ready for putting down if the county will haul it from the crusher and put it on the road. This proposition, it strikes us, should be accepted. Some one will say that Mr. Cone's proposition is actuated by selfish motives, as he owns most of the property along the road for that distance. But would it not be equally beneficial to the country people coming to town over that route? It would hardly be fair to charge Mr. Cone with selfishness, since he is a long ways the biggest subscriber to the good roads fund recently attempted to be raised under Mr. E. P. Wharton's plan.

But grant that Mr. Cone would be directly one of the largest beneficiaries, the acceptance of his proposition would give us a start in macadamizing our country roads. That is one thing that will help the work along. It will be a sample. It will prove the inestimable benefits of permanent roads. It will aid in getting the co-operation of the country people.

The convicts must be maintained, the teams must be kept up, and the work of grading roads will go on Why not make a diversion in the work and put at least a part of the force to macadamizing? A start will have to be made somewhere, and there is no better time than now to begin it. If it is only a mile and a half it will be a start, and if one man owns every foot of the land on both sides, the road will belong to the county, and the people who travel will be benefitted. Let the work begin. Grading that is done now will do little good the coming winter.

The Colored A. & M. College.

The executive committee for the colored A. & M. College, of this city, held a meeting at the college Saturday, the following members being present: Hon. A. Scales, of this city, Prof. M. C. S. Noble, of Chapel Hill, and Prof. W. F. Debnam, of Raleigh.

W. W. Long, of Washington, D C., resigned as a member of the committee and Prof. Debnam was elected to fill his place.

Arrangements were made for the management of the Thomas farm recently purchased for the use of the college. Eppes Folkener, of the class of '99, was elected foreman of the farm.

Routine business was transacted, and the committee passed upon recommendations made by the president of the college and the [illegible] department.

E R Bi[illegible] was elected [illegible] agricultural [illegible] and H[illegible] p[illegible] dairy.

H[illegible] o[illegible] basket & [illegible] pair of rubber [illegible] shoes.

People who have [illegible] are delighted. Men's sizes [illegible] cents; ladies' sizes 40 cents. They are noiseless, make you walk light and "springy" and last longer than leather heels.
